the rebello hotel porto

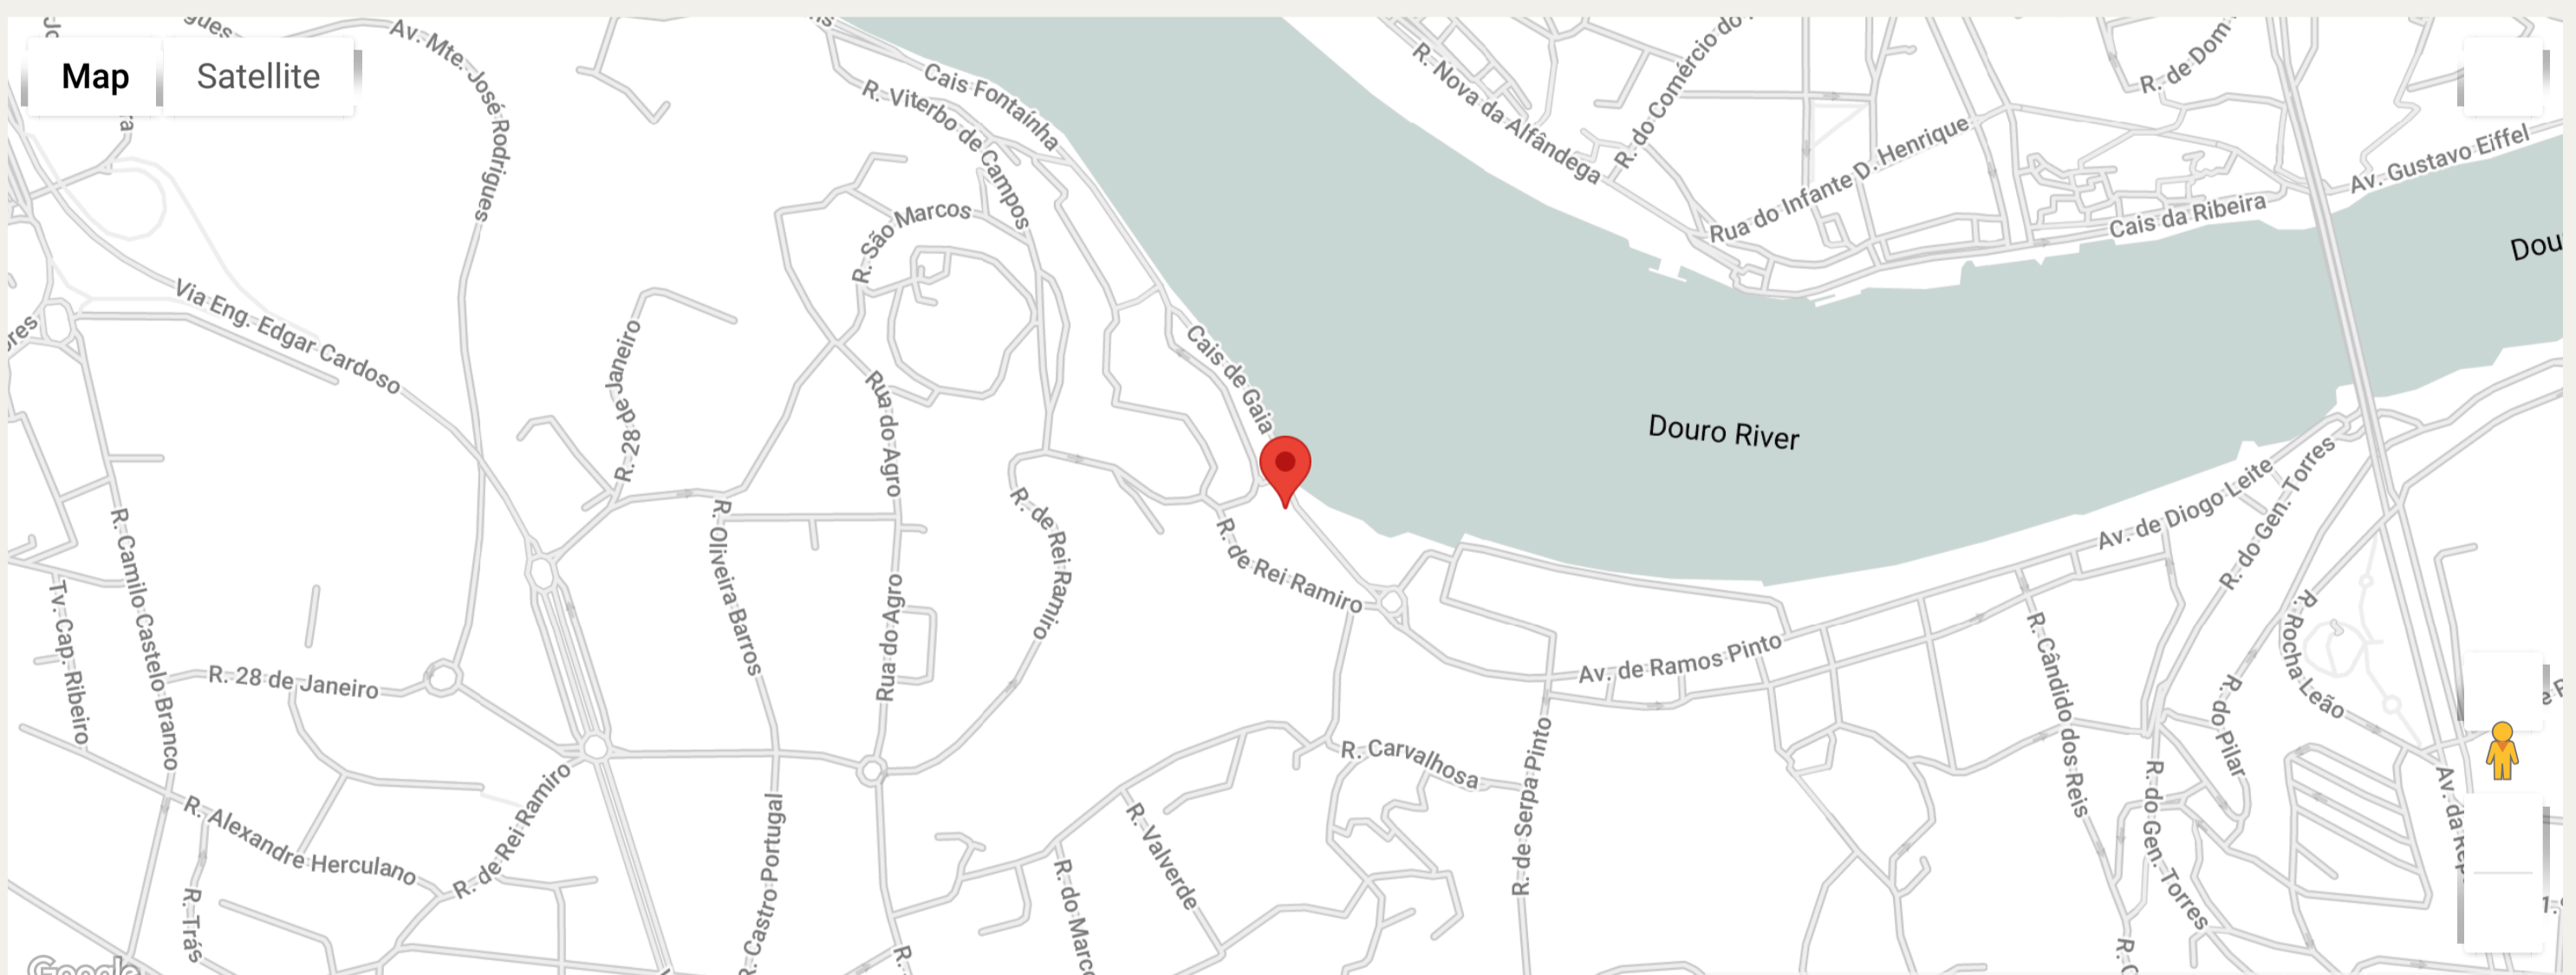

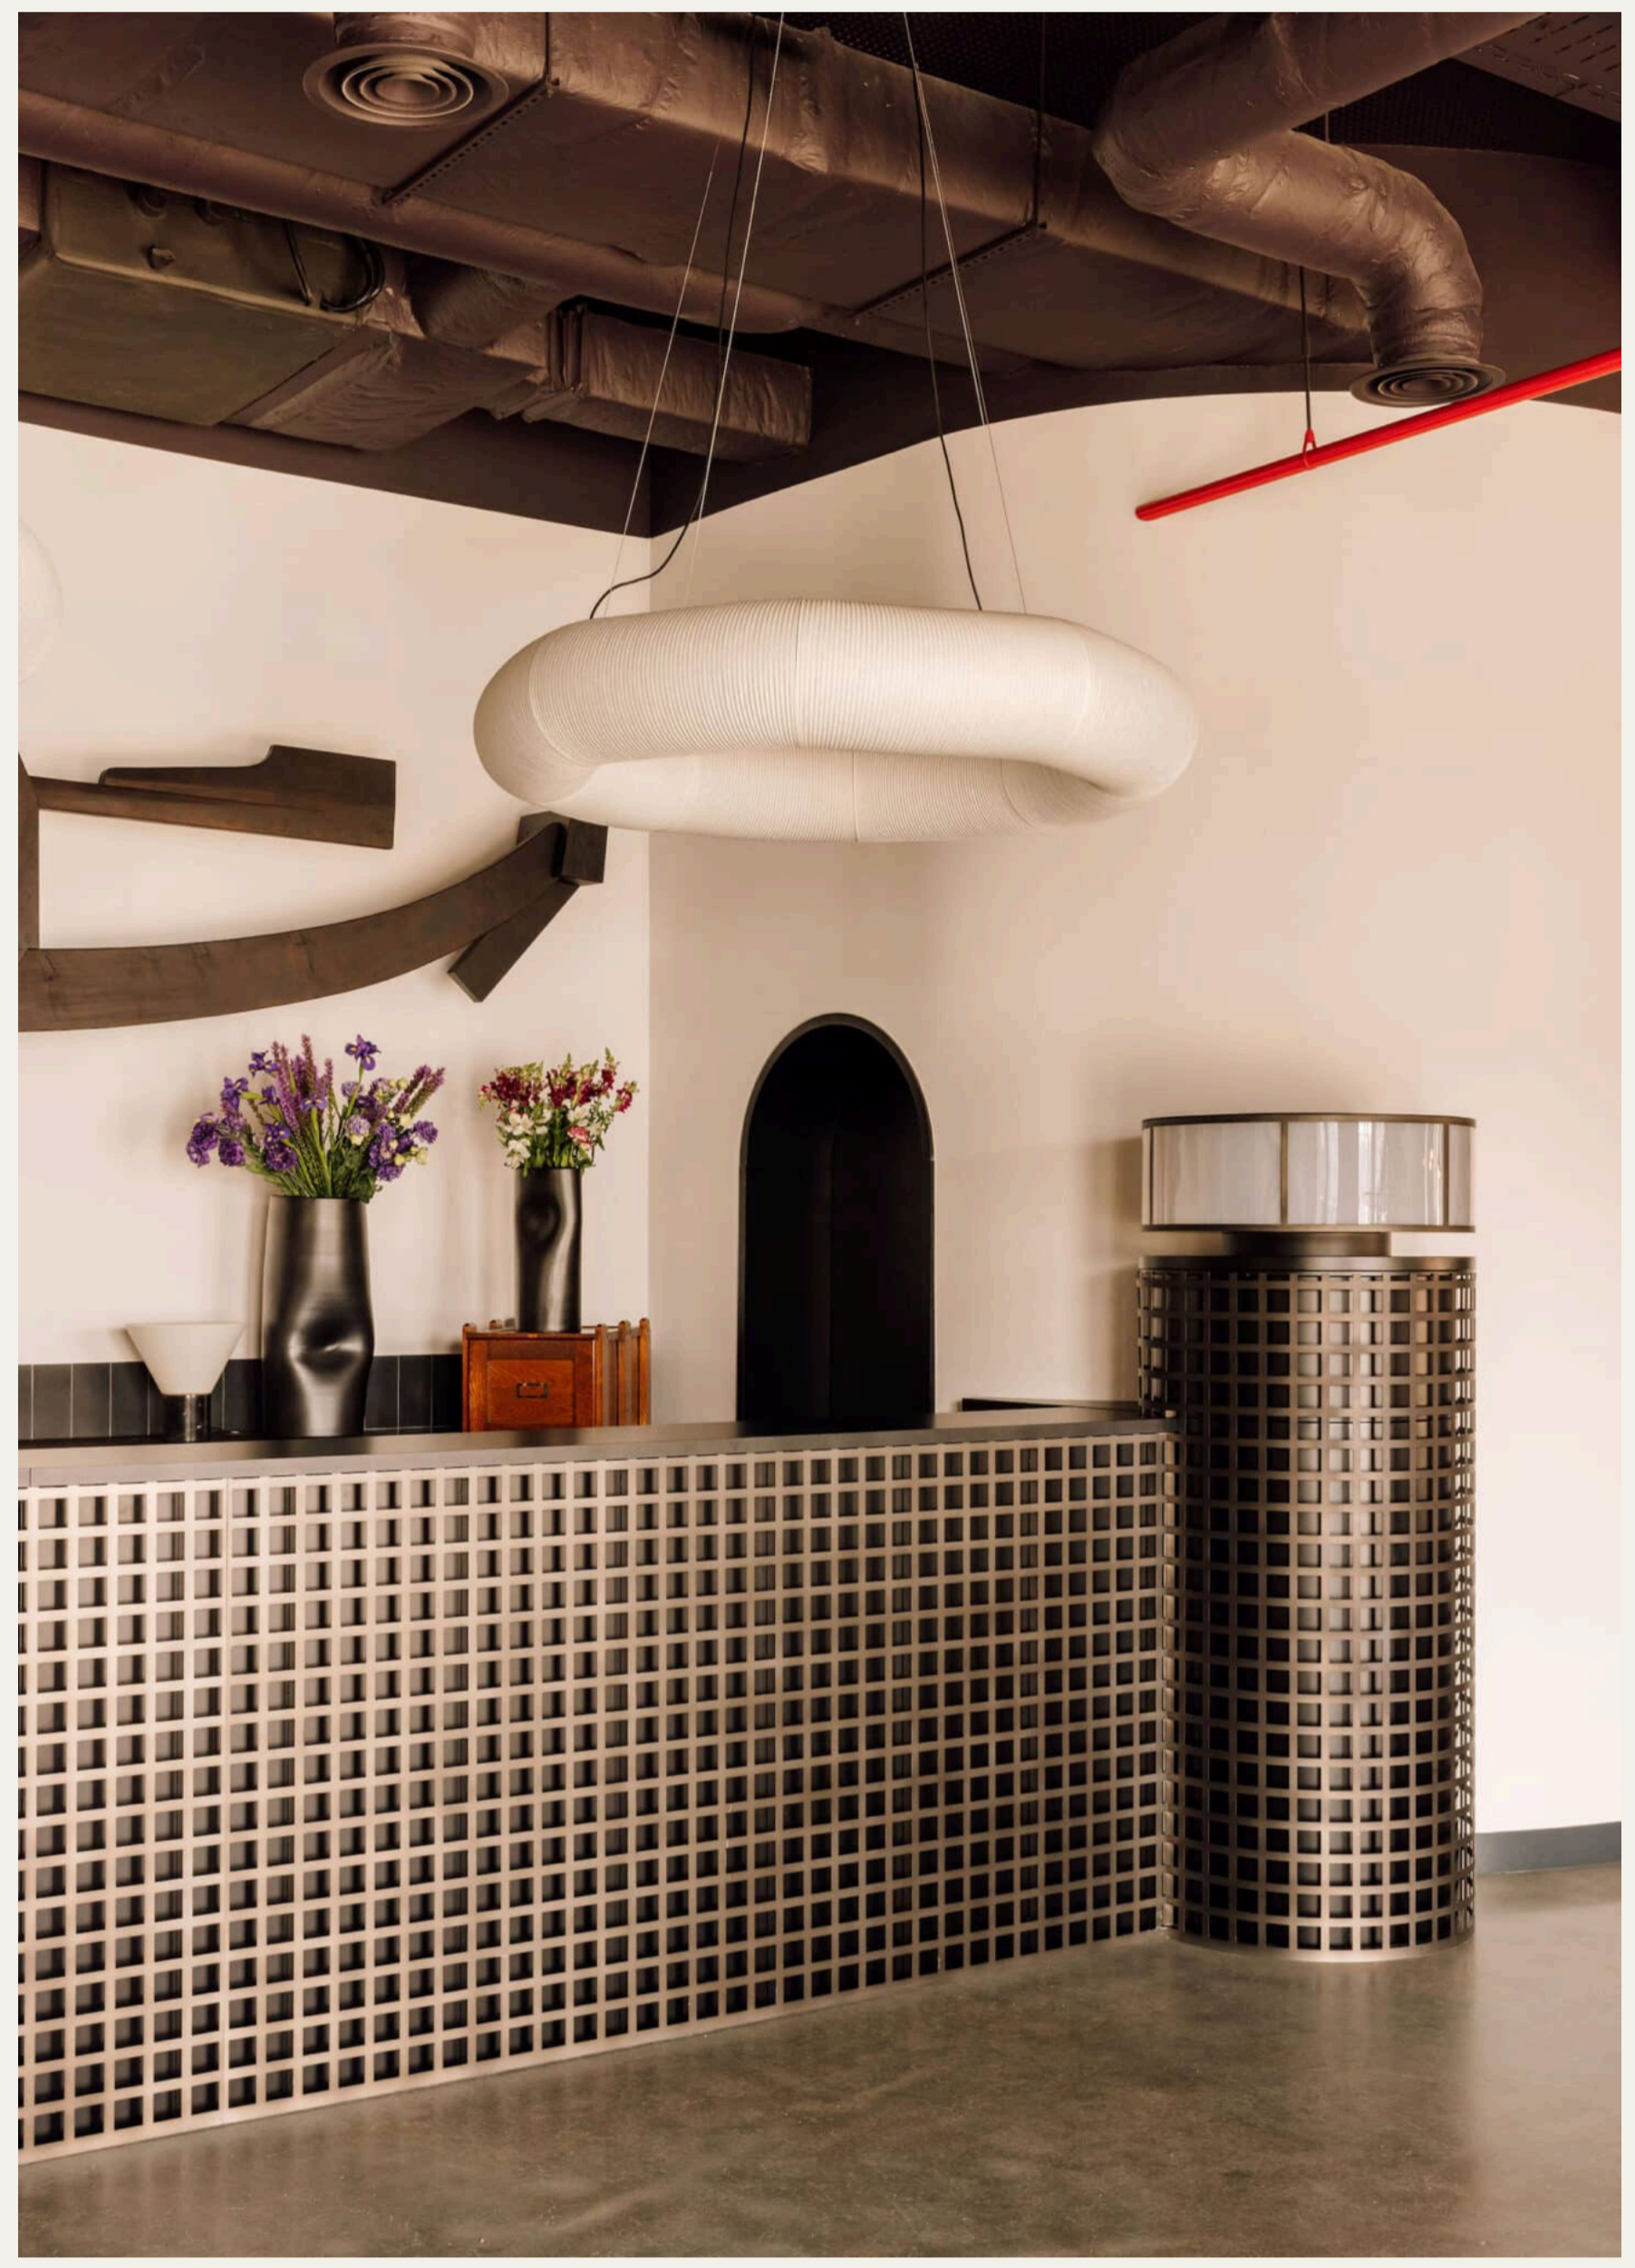

3 reasons to go there:

- 1.If you like staying in a hotel with a panoramic view over **Porto's** riverbank.
- 2.If you like having your own apartment designed by Daniela Franceschini of Quiet Studios (known for other great places such as **Magnolia in Lisbon** and **The Vintage Hotel in Lisbon**). Whether you're with a family or just you and your dog: the apartments vary in size so you'll always find a good fit.
- 3.If you like enjoying the other amenities of the hotel such as the striking rooftop bar, restaurant and swimming pool/spa. Nice to know: the name was inspired on the famous *rabelos*, the boats you'll see everywhere in Porto's harbor.
