

ROOTS

OUR SIGNATURE COCKTAILS

Through this menu, we highlight the aromas, flavours and textures we get from the products that come from the Portuguese and international flora. To achieve this, we explored the best combinations of brandies and liqueurs with herbs, fruits, seeds, roots and flowers. To perfectly combine the products, the most modern bar techniques have been used to obtain an authenticity in each cocktail served.

WINES

Despite its size, Portugal has an incredible diversity of vineyards. It is one of the countries with the largest number of indigenous grape varieties in the world (around 300). This means we have a very versatile production for even the most demanding connoisseurs.

In order to illustrate this list in a more straightforward manner, we decided to do it by different areas, as if we were to take them as the terroirs that subdivide the country - Atlantic, Valleys and South.
