

SUSTAINABILITY *FACTSHEET*

In a world where more and more buildings are being built every minute, we at Bomporto have consciously chosen to invest in, refurbish and renovate historical buildings.

We have rehabilitated old port wine warehouses as a commitment to sustainability, thus designing the hotel in such a way that both our environmental and social impact is minimised to the lowest possible.

In addition, we decided to update the infrastructure using materials that not only are more sustainable but that also guarantee better use of natural energies. Most of our sustainable practices are well established and engrained in our team. However, we are all constantly looking for new and better ways to further our commitment to a brighter and greener future.

In the words of our Managing Director, Nicolas Roucos, who is very passionate about this cause:

"It's not enough to be environmentally friendly, we have to provide good examples and practises on how to reduce our environmental impact".

THE REBELLO

ENERGY

100% renewable energy

Energy Star equipment

Lighting sensors, and LED and lower energy consumption lighting

Double glazed windows in all rooms

Card System Master Control Switch (MCS) and Building Management System (BMS) to control energy

Mobile phone digital key for access to apartments

Electric Car Chargers

WATER

Flat mops cleaning system

Ecolabel and biodegradable products

Low flow aerators / taps with sensors

Water dilution control systems in taps and showers

Dual flush toilets

WASTE

Recycled paper napkins

Recyclable coffee pods

Biodegradable straws

Paper-free hand dryers

Beauty product dispensers, organic waste recycling, and paperless procedures (e.g. electronic billing and contracts)

Waste separation in all hotel operations

Water served in refilled glass bottles

Take back suppliers policy

THE REBELLO

BIODIVERSITY

Choice for organic and local products

Protected Designation of Origin products (PDO, whenever possible)

We organise beach and forest clean-ups with our team

We support several environmental NGO's, such as VERDE and Ocean Alive.

SOCIAL RESPONSIBILITY

Support for the Hospes local association by donating used mattresses, linen, pillows and other to elderly homes

Continuous support and donations to the 'Make a Wish', an association that helps children with severe medical conditions

Through Social Inclusion Sports Association (ADIS), an organisation that promotes social inclusion in the Porto region, we support the Salgueiros Highlanders baseball team

We are part of GRACE - Responsible Companies. This is a non-profit public benefit organisation that works in the areas of Social Responsibility and Sustainability
